[Introduce Yourself](#)

Pratyusha Patidar

Frontend Developer, Technical Writer and ML Enthusiast

<https://pratyusha2802.github.io/Portfolio/>

▼ About Me

I am an engineer passionate about planning and organisation, with a firm belief in the power of strong foundational knowledge. Science and its wonders often find their way into my conversations, sparking curiosity and insight. Beyond coding my way through work, I enjoy expressing creativity through digital illustration, staying active with badminton, and finding comfort in rewatching my favorite sitcoms time and again.

▼ Education

Undergraduate

B.Tech, Computer Science and Engineering

Maulana Azad National Institute of Technology, Bhopal · 2020 - 2024

▼ Aggregate: **8.19 CGPA**

▼ Prepared for National Talent Search Examination Stage 1 covering Class 9 and 10 MP Board Science and Social Science textbooks along with MAT (Mental Ability Test) and SAT (Scholastic Assessment Test)

General cut off - 135

My Score - 132 (Not qualified)

▼ Experience

Full Time Employee

JP Morgan Chase & Co. · Jul 2024 - Present

HTML, CSS, JavaScript (React.js, Electron.js), TypeScript and Agile Development

- Digital Assistant [Jul 2024 to Nov 2025]
 - Working on a distributed and collaborative SDK across digital channels at JPMorgan Chase. This core productivity tool serves 300,000+ JPMC employees worldwide, seamlessly supporting multiple lines of business by managing meetings, calls, intranet searches, and other essential functions.
 - Developing scalable, high-performance frontend solutions as part of the Core UI Team, leveraging React.js, TypeScript and Node.js
 - Lead and Collaborated with product and design teams to develop accessible, reusable UI components, enhancing UX consistency across platforms.
- Desktop Employee Assistant [Nov 2025 - Present]
 -

Digital Assistant

Performance Development Plan

6M Internship

JP Morgan Chase & Co. · Jan 2024 - Jun 2024

HTML, CSS, JavaScript (React.js, Electron.js), TypeScript, and Agile Development

- Received a Pre-Placement Offer for an extended internship at JP Morgan Chase & Co. following successful completion of summer internship.
- Fixed QA bugs and developed two proof-of-concepts for the experimental phase of our in-house productivity tool, using micro-frontend architecture—impacting over 300,000 users.
- Actively participated in scrum meetings, technical trainings, hackathons, workshops, and various Line of Business events

JPMC 6m Internship

2M Internship

JP Morgan Chase & Co. · May 2023 - Jul 2023

HTML, CSS, JavaScript, TypeScript, and Agile Development

- Selected for JP Morgan Chase & Co. internship through the Code for Good Hackathon 2022.
- Developed a new feature for a productivity tool using micro-frontend architecture, impacting over 300,000 users.
- Actively participated in scrum meetings and Line of Business events.

Build and Deployment: Maven, Gradle, Docker, Kubernetes

Testing & Coverage: Mockito, Mocha, Chai, Groovy, Sonar

▼ Projects

Minor Project

Correlation-based Feature Fusion and Stack Ensemble Method for Network Intrusion Detection

Python, Machine Learning Algorithms

[Minor Project Report- Semester 6.pdf](#)

[Correlation_based_feature_selection_and_stacking_ensemble_mechanism_for_network_intrusion_detection.pdf](#)

- Designed a **Network Intrusion Detection System (NIDS)** using **Correlation-Based Feature Selection (CFS)** and **stacked ensemble learning** to improve detection accuracy.
- Implemented multiple base classifiers and combined them via ensemble methods, reducing false alarm rates while improving robustness.
- Evaluated performance on **KDD Cup 99** and **NSL-KDD** datasets, achieving **higher detection accuracy and lower false positives** compared to existing NIDS approaches.

Python Project

Pen in the Air

Python, Machine Learning Libraries and Algorithms

<https://github.com/pratyusha2802/Pen-in-the-air>

- Built **"Pen in the Air"**, a virtual canvas using **Python and ML libraries**, enabling users to write in the air with **camera-captured hand gestures**.
- Implemented **gesture recognition algorithms** to support commands like pen selection, erasing, and five different writing colors.
- Enhanced interactivity by providing a **contactless writing experience**, showcasing applications of **computer vision and human-computer interaction**.

Web Development Portfolio Website

HTML, CSS, Bootstrap

Pratyusha Patidar

I am a senior student at NIT Bhopal, pursuing a B.Tech in Computer Science and Engineering. My current focus is on mastering React-JavaScript for web development, alongside building a solid <https://pratyusha2802.github.io/Portfolio/>

- Developed a **responsive personal portfolio website** using **HTML, CSS, and Bootstrap** to showcase projects, technical skills, and educational background.
- Designed a **clean, mobile-first UI**, ensuring seamless viewing across devices (desktop, tablet, mobile).
- Created an **interactive platform** serving as a centralised hub for recruiters and collaborators to explore professional work.

Hackathon Project Bangalore Food Bank

HTML, CSS, JavaScript, Express.JS, Node.JS

[CFG2022.pdf](#)

- Built a **food donation management portal** for *Bangalore Food Bank* during JPMC's **Code For Good 2022 Hackathon** using **HTML, CSS, JavaScript, Node.js, Express.js**.
- **Led frontend development**, designing responsive donor and request tracking interfaces under a 24-hour deadline.
- Collaborated with backend team to integrate APIs, ensuring seamless **real-time data flow** between UI and database.
- Delivered a **fully functional prototype**, streamlining NGO operations and supporting their mission to fight hunger in Bangalore.

Web Development

50 JavaScript Projects

HTML, CSS, JavaScript

<https://github.com/pratyusha2802/50-Projects-Javascript>

Built 50 diverse JavaScript projects to enhance programming skills. Projects include a drawing canvas, notepad, movie app, drink water tracker, GitHub profile finder, password generator, quiz app, to-do list, and an interactive "catch the insect" game.

Artificial Intelligence Project

Voice Assistant: Artificial Intelligence Lab Project

Python, Voice Recognition Libraries

[AI Project Semester 6.pdf](#)

Developed an intelligent voice assistant that processes and responds to voice commands efficiently. Features include music playback, reminder setting, question answering, and smart home device control. Implemented NLP and machine learning algorithms for accurate query processing, while API integration enables diverse task execution.

Static Website

Daily Diary Home Page

HTML, CSS

Daily Diary

Where Your Memories Blossom!

 <https://pratyusha2802.github.io/daily-diary/>

- Developed a **Daily Diary Home Page** using **HTML and CSS** to provide users with a simple and structured interface for maintaining daily logs.
- Designed a **clean and intuitive layout**, focusing on readability and user-friendly navigation.
- Implemented responsive design principles to ensure accessibility across devices.

▼ Position of Responsibility

Social Work

Marathahalli Bellandur Chapter Representative

Robin Hood Army · Mar 2025 - Present

Robin Hood Army

NGO & volunteer work for food donation - Robin Hood Army

A zero-fund, volunteer-driven nonprofit organization that donates food to the less fortunate by collecting surplus food from restaurants and communities.

 <https://robinhoodarmy.com/>

- Led volunteer engagement by recognizing achievements, fostering strong team rapport, and grooming future leaders.
- Streamlined drive operations through effective participant coordination, timely SPOC updates, and compliance with check-in protocols.
- Ensured governance by maintaining communication discipline, overseeing group revamps, and upholding organizational guidelines.

Technical Society

Technical Executive

Vision, CSE · 2021 - 2024

<https://www.linkedin.com/company/vision-manit/mycompany/>

- Conducted a **C++ technical workshop** for **200+ juniors**, enhancing their programming fundamentals.
- Organised **coding competitions** across colleges, fostering peer learning and competitive programming culture.
- **Mentored juniors**, bridging knowledge transfer from seniors and introducing them to emerging technologies.

Technical Student's Club

Content writer and Social media manager

GDSC NITB · 2022 - 2024

Maulana Azad National Institute of Technology - Bhopal | Google Developer Student Clubs

This site uses cookies to deliver its services and analyze traffic. You can learn more about how Google uses cookies here, and how Bevy uses cookies here. There are currently no upcoming events. Please check again soon.

 <https://gdsc.community.dev/maulana-azad-national-institute-of-technology-bhopal/>

- Managed **content and social media outreach** for a community of **750+ students** nationwide.
- Organised and promoted **Info Session, Android Study Jam, and Git/GitHub workshops**, boosting student participation and engagement.
- Enhanced community visibility by curating **technical content** and driving online engagement.

Technical Student's Club

Co-Coordinator

OWASP NITB · 2023 - 2024

OWASP Maulana Azad National Institute of Technology, Bhopal | OWASP Foundation

OWASP Maulana Azad National Institute of Technology, Bhopal on the main website for The OWASP Foundation. OWASP is a nonprofit foundation that works to improve the security of software.

 <https://owasp.org/www-chapter-maulana-azad-national-institute-of-technology/>

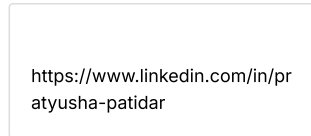

- Coordinated and organized **Info & Awareness sessions on Cybersecurity and OWASP**, engaging a **community of 1500+ students nationwide**.
- Promoted **cybersecurity best practices**, spreading awareness on secure coding, web vulnerabilities, and application security.
- Strengthened student participation in global OWASP initiatives by building local engagement and technical interest.

▼ Language Proficiency

English	Professional Working Proficiency
Hindi	Limited Working Proficiency
Gujarati	Native/Bilingual Proficiency
French	Elementary Proficiency

▼ Achievements

▼ Class 10 Academic Excellence

Achieved District Rank 2 and School Rank 1 in Class 10 Board Exams with 95.40% aggregate

Secured perfect score in Social Studies (100/100), Mathematics (98/100), and Science (96/100)

▼ International Math Olympiad Representative 2017

Selected as the school representative for IMO (International Math Olympiad) from among 250+ students

▼ MMVY Scholarship Recipient

Awarded the MMVY (Mukhyamantri Medhavi Vidhyarthi Yojana) Scholarship by State Government for all four years of graduation, based on scoring above 85% in Class 12 and securing under 1,50,000 rank in JEE Mains

▼ JP Morgan Chase & Co. Code for Good Hackathon 2022

Successfully completed a 24-hour hackathon, collaborating with assigned team members to develop a prototype solution. Outstanding performance led to a summer internship offer for 2023.

[CFG2022.pdf](#)

[Job Offer-2023 Software Engineer Program - Summer Internship - Bengaluru.pdf](#)

▼ Flipkart Grid 2.0 Finalist

[flipkart-grid4.0-participation-certificate.pdf](#)

Qualified for Level 1, ranking among top 1,335 teams nationwide

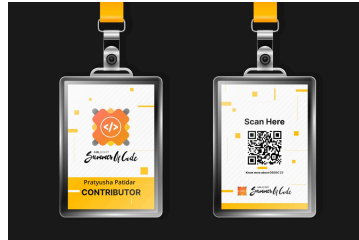

▼ She Hacks 2022 - IIIT Allahabad

[shehacks'22.pdf](#)

Participated in a 36-hour women-only hackathon at IIIT Allahabad as part of a three-member team

▼ GirlScript Summer of Code 2023 Contributor

Contributed to real-world projects through GSSOC, a three-month Open-Source Program by the GirlScript Foundation

▼ IBC Model United Nations 2021

Represented Nigeria in the UNHRC (United Nations Human Rights Committee), addressing the humanitarian crisis in Yemen

▼ Flipkart Runway 2022

13 May 2022
